TERMS OF SALE

1. This is a public auction and mail bid sale, conducted by PONTERIO & ASSOCIATES, INC. Subject to our consent, liberty for bidding by sellers and/or consignors is hereby reserved.

2. A 15% buyers charge will be added to the hammer price of each lot. This charge will be added to all invoices.

3. Subject to paragraph 8, all material shall be sold to the highest bidder as determined by the auctioneer. If any dispute arises during or immediately after the sale of a lot, the auctioneer shall have the right to recall the lot and put it up for sale again. In all cases, auctioneer's decision shall be final. For the bidder's protection, NO "UNLIMITED" or "BUY" BIDS WILL BE ACCEPTED. Bids are to be made in U.S. currency only.

4. Terms of this sale are strictly cash with payment due immediately upon receipt of invoice. Payment by check must be payable in U.S. currency only and drawn on a U.S. Bank. No credit card purchases will be accepted. Title to all lots remains with consignor until paid in full.

5. Minors are expressly forbidden to bid in this sale.

6. Floor bidders and mail bidders not known to us must furnish satisfactory credit references, sufficiently in advance of the sale to allow for checking, or a deposit equal to 25% of their total bids for that session(s) before such bids can be accepted. Deposits submitted will be applied to purchases and any unused portion of such deposit will be promptly refunded.

7. All bids must be per lot as numbered in this catalogue. No lots will be broken. Lots will be sold in their numbered sequence unless auctioneer directs otherwise.

8. We reserve the right to withdraw any lot prior to the sale and to open the bidding on any lot at a reasonable price.

9. All items in this catalogue are guaranteed to be genuine unless specifically stated otherwise in the lot description. Claims to the contrary must be made in writing within three days after receipt of the lot. Any returned lot must be intact and in its original unopened holder. No lot may be returned without prior written consent. In no event may any lot be returned after thirty (30) days from the date of sale. LATE REMITTANCE FOR PURCHASES CONSTITUTES JUST CAUSE TO ABROGATE ALL RETURN PRIVILEGES FOR ANY REASON.

10. Grading is a subjective description, in the opinion of the cataloger, as to the state of preservation of a particular coin or lot. The term "Proof" or "Specimen" is used to describe a method of manufacture, and not a grade or condition. Such terms are the opinion of the cataloger and shall be deemed to be part of the description and not an attribution. No warranty, whether expressed or implied, is made with respect to such adjectival descriptions, which can and vary among experts.

11. This is not an approval sale. Bidders are expected to promptly purchase all lots awarded to them by the auctioneer. Floor bidders are encouraged to carefully examine all lots which they are interested in purchasing, since NO LOTS MAY BE RETURNED BY FLOOR BUYERS, INCLUDING THOSE LOTS WHERE THE BIDDER IS ACTING AS AGENT FOR ANOTHER PARTY, OR BY MAIL BIDDERS WHO HAVE EXAMINED THE LOT PRIOR TO THE SALE.

12. Mail bids will be accepted from those who can not attend the sale in person. Bids for all lots must be submitted in even dollar amounts, or they will be reduced to the next even dollar amount. Successful mail bidders will be awarded the lot at nominal advance over the second highest mail or floor bid. When identical bids are received by the auctioneer for a lot, preference is given to the first bid received. A mail bid will take precedence over an identical floor bid. A floor bidder must bid higher than the highest mail bidder to be awarded any lot. The auctioneer reserves the right to refuse any bids which he, at his sole discretion feels are not made in good faith.

13. The auctioneer can not be responsible for errors in bidding. Please make certain that you bid on the correct lot and that your bid is the maximum that you are willing to pay.

14. An estimate is provided for each lot. This estimate represents, in the opinion of the cataloger, the current market value of the lot. Lots may, of course, sell for above or below this estimate.

15. All photographs in this catalogue are of the actual items being sold.

16. Postage, insurance and sales tax, if required by law to be collected, will be added to the invoice for any lot(s) invoiced to successful bidders. All lots delivered in the state of California are subject to applicable sales tax. Individuals purchasing lots for resale must submit an exemption certificate, signed by the purchaser or his agent and recognized by the state of California, with their current resale certificate number or be subject to the sales tax.

17. We reserve the right to require payment in full before delivering any lot to a successful bidder. It is the buyer's responsibility and obligation to have the lots fully insured while in his/her possession. Risk of loss is on the buyer. All lots sent to foreign countries, including Canada and Mexico, will be billed an additional 1/2 of 1% for insurance. The minimum insurance fee is $5.00. Please send shipping instructions. Normally all lots will be sent via registered mail.

18. In the event a bidder fails to make remittance promptly, auctioneer reserves the right to resell the merchandise and bidder agrees to pay for the reasonable cost of such a sale and also to pay any difference between the resale price and the previously successful bid.

19. If the invoice for the auction is not paid for in full when due, the unpaid balance will bear interest at the highest rate permitted by law until it is paid in full. If the matter is referred to an attorney for collection, bidder agrees to pay all attorney fees, court costs and other costs incurred by Ponterio & Associates, Inc. The courts of San Diego County, California shall have exclusive jurisdiction and venue over any suit initiated by Ponterio & Associates, Inc. to collect past due invoices and the service of process by certified/registered mail, return receipt requested, shall be sufficient to confer "in personam" jurisdiction over bidder.

20. Auctioneer reserves the right to postpone the sale by auction of the property, for a reasonable period of time, as the result of any act of war, natural calamity or significant relevant event, which, in the judgment of auctioneer, reasonably exercised, make it inadvisable to hold the auction as scheduled.

21. Our ultimate liability for any item is the price paid.

22. By bidding in this sale, bidder personally guarantees payment; if a corporation is the bidder, the officers and/or principals of the corporation agree to personally guarantee payment.

23. All bid sheets submitted by mail bidders must be signed. Company bids must be submitted with the signature of a duly authorized agent of such company.

24. Bidding in this sale constitutes acceptance by the bidder of all the forementioned terms and conditions of sale.

CONDICIONES DE LA VENTA

1. Esta es una subasta pública y por correspondencia, dirigida por PONTERIO & ASSOCIATES, INC. Nos reservamos el derecho de aceptar o rechazar pujas de parte de vendedores y/o consignadores.
2. El comprador pagará un 15% sobre el precio adjudicado por concepto de comisión. Este cargo será incluído en todas las facturas.
3. Sujeto al párrafo número 8, todo material se adjudicará al mejor postor. Si hay alguna reclamación durante o inmediatamente después de la venta de un lote, el subastador tendrá el derecho de retirar el lote y ponerlo en venta de nuevo. En todo caso, prevalecerá la decisión del subastador. No se aceptarán ofertas "SIN LIMITE" o "COMPRADAS" para la protección del postor. Las ofertas deberán realizarse en dólares americanos.
4. Las condiciones de esta subasta para pago son estrictamente en efectivo y de inmediato. El pago por cheque deberá ser en dólares americanos y sobre un banco en los Estados Unidos. No se aceptarán tarjetas de crédito. Los lotes serán considerados propiedad exclusiva del consignador hasta que hayan sido pagados integralmente.
5. Se prohiben expresamente las ofertas de menores en esta subasta.
6. Antes de que se puedan aceptar ofertas, el postor en sala y por correo no conocido por nosotros deberá con suficiente tiempo antes de la subasta, proporcionarnos satisfactorias referencias de crédito, o un depósito por el 25% del valor total de sus ofertas. Los depósitos sometidos serán aplicados a las compras y cualquier porción no usada del depósito será reembolsada de inmediato.
7. Todas las ofertas se deberán de hacer indicando el número del lote del catálogo. Ningún lote podrá subdividirse. Los lotes serán subastados en el orden númerico del catálogo salvo que el subastador determine lo contrario.
8. Nos reservamos el derecho de retirar cualquier lote antes de la subasta y de iniciar los lotes a un precio razonable.
9. Garantizamos la autenticidad de todas las piezas ofrecidas en este catálogo salvo indicación contraria. Cualquier reclamación deberá de hacerse por escrito tres días después de haber recibido el lote. Cualquier devolución deberá estar intacta con su envoltura original y cerrada. La devolución de un lote no se aceptará sin solicitarlo previamente por escrito. De ninguna manera se aceptará la devolución de un lote después de 30 días del día de la subasta. TODO PAGO DE SUBASTA RECIBIDO TARDE CONSTITUYE CAUSA JUSTA PARA ANULAR TODOS LOS PRIVILEGIOS DE DEVOLUCION SIN IMPORTAR EL MOTIVO.
10. Determinar el estado de conservación de los lotes es totalmente subjetivo, y en todo caso es la opinión del catalogador. El término "Fondo Espejo" o "Especimen" se usa para describir un método de fabricación, y no el grado de preservación o la condición. Dichas condiciones manifiestan nuestra opinión y deberán ser consideradas como parte de la descripción y no la atribución. No hay garantía, sea expresada o implicada con respecto a dichas descripciones adjetivales que pueden variar o que de hecho varían entre los expertos.
11. Esta subasta no es condicionada. El pago de los lotes adjudicados por los compradores deberá hacerse de inmediato. Pedimos que los postores en sala examinen cuidadosamente todos los lotes en los cuales están interesados, porque NO SE ACEPTAN DEVOLUCIONES DE LOS COMPRADORES PRESENTES EN LA SUBASTA, INCLUYENDO LOS LOTES EN DONDE EL COMPRADOR FUNCIONA COMO AGENTE PARA OTRA PERSONA, O POR COMPRADORES POR CORREO QUE HAYAN EXAMINADO LOTES ANTES DE LA SUBASTA.
12. Se aceptarán ofertas por correo de personas que no puedan asistir a la subasta personalmente. Las ofertas para todos los lotes deberán ser en dólares americanos y en cantidades exactas. Si no, serán reducidas al siguiente dólar exacto. Se les adjudicará el lote a los compradores en un aumento nominal arriba de la segunda oferta más alta del postor en sala o por correo. Si el subastador recibe ofertas idénticas por un lote, se le dará preferencia a la primera oferta recibida. Si el empate es con un postor en sala, la oferta por correo tendrá prioridad. El comprador en sala deberá pujar más alto que el comprador por correo para adquirir el lote. El subastador se reserva el derecho de rechazar cualquier oferta, que a su discreción piensa que no se han hecho de buena fé.
13. El subastador no será responsable por errores en las ofertas. Favor de asegurar de que su oferta es por el lote correcto y que su oferta es lo máximo que Ud. está dispuesto a pagar.
14. Se ha proporcionado una estimación para cada lote. Esta estimación representa en nuestra opinión, el valor actual del lote, los lotes por supuesto, se podrán vender en más o en menos que esta estimación.
15. Todas las fotografías en este catálogo corresponden a las piezas subastadas.
16. Los gastos de envío, el seguro y los impuestos estatales serán cobrados si se requiere por ley y se agregarán a la factura del comprador por cada lote adjudicado. Todos los lotes entregados en el estado de California están sujetos al impuesto estatal sobre la venta. Los individuos que compran lotes para revender tendrán que someter un certificado de excención del estado de California, firmado por el comprador o su agente y reconocido por el estado de California, con el número actual del certificado para la reventa o bien se le cobrará al comprador el impuesto sobre la venta.
17. Nos reservamos el derecho de exigir el pago total al comprador antes de entregarle cualquier lote. Es la responsabilidad y obligación del comprador de tener asegurados los lotes que estén en su posesión, ya que será responsable de la pérdida. En los lotes enviados a países extranjeros, incluyendo Canadá y México, se le cobrará al comprador un gasto adicional de la mitad del 1% por gastos de seguro, lo mínimo será $5.00 U.S. Favor de mandarnos instrucciones de envío. Normalmente todos los lotes se enviarán por correo registrado.
18. Si el comprador no hace el pago a tiempo, el subastador se reserva el derecho de vender la pieza de nuevo, y el comprador acepta pagar el gasto razonable de esa venta y tambien pagará cualquier diferencia entre el precio de reventa y la oferta previa.
19. Si no se paga la factura de la subasta en total, cuando es debido, el saldo no pagado tendrá cargos de interés al porcentaje más alto permitido por ley hasta que esté pagado en su totalidad. Si el caso se remite a un abogado para cobrar, el postor acepta pagar todos los gastos de abogado, los gastos de los tribunales y otros gastos incurridos por Ponterio & Associates, Inc. Los tribunales del condado de San Diego, California tendrán jurisdicción exclusiva sobre cualquiera de las acciones iniciadas por Ponterio & Associates, Inc. para cobrar facturas no pagadas al vencimieto. La citación del juez por correo certificado u registrado y la respuesta de la solicitud escrita, serán suficientes para conferir jurisdicción "en persona" sobre el postor.
20. El subastador se reserva el derecho de posponer la venta de la propiedad en subasta, por un período razonable, por el resultado de un acto de guerra, una desgracia natural o un acontecimiento importante, por lo cual, en la opinión del subastador, ejercido razonablemente, se hace inconveniente realizar la subasta como estaba prevista.
21. Nuestra responsabilidad máxima por cualquier pieza es el precio pagado por ella.
22. Al pujar en esta subasta, el postor personalmente garantiza el pago; si el postor es una corporación, los empleados y/o los directivos, de la corporación aceptan garantizar el pago personalmente.
23. Todas las hojas de ofertas sometidas por correspondencia deberán ser firmadas. Las ofertas de una compañía deberán estar firmadas por un agente autorizado de esa compañía.
24. El solo hecho de pujar en la subasta presupone el completo acuerdo con todos los términos descritos y las condiciones de la venta.

INSTRUCTIONS TO NEW MAIL BIDDERS

Bidding by mail permits you to participate in an auction as though you were attending it in person. The procedure is really quite simple. You tell us what you want, and the maximum amount you are willing to pay. We then, as your personal agent, try to buy the items listed for you at the lowest possible price.

LOT	BID
#9	$300
#98	$700
#259	$600
#330	$1000

The enclosed mail bid form has two sides for you to fill in. The front side provides all the information we will need to register you as a bidder, execute your bids for you and deliver your lots to you if you are a successful bidder. Please answer all the questions that may apply to you. If you have any special mailing instructions or and/or other instructions, please note them in the "special instructions" area of your bidsheet. **DON'T FORGET TO SIGN YOUR BIDSHEET.**

On the back side are pairs of columns where you may list your bids. After carefully reading the lot description, write down the lot number and the maximum amount you are willing to pay for that lot. Don't forget that a 15% buyer's fee will be added to your actual purchase price if you are the lucky bidder. Continue to list lot numbers and bids for each of the lots you are interested in buying.

When we receive your bidsheet, we will record your bids at the amount you have authorized us to bid for you, and we will, in addition, note any lots where an increase is authorized if absolutely needed to win the lot. For example, if the sample bidsheet shown at the right were yours, we would enter your bid on lot #9 as $300. If yours was the highest bid received, you would be the purchaser at $300. (plus 15%), and applicable taxes and shipping charges. If the second highest bid received on the lot was substantially less, your bid would be reduced to a "normal" increment above the second-highest bid, just as it would be if you were present at the sale yourself to execute your own bids. If you have authorized a percentage increase on the front side of your bidsheet and the bidding by others has exceeded your basic bid, we will then, as your personal agent, increase your bid to the minimum amount necessary to obtain the lot for you. The authorized increase will never be used except when your basic bid is exceeded.

Before you mail your bidsheet, do be sure to check it over to make certain you have bid on the correct lot(s) and that your bids are the ones you are both willing and able to pay for. Enjoy the catalog, place bids on everything you would like to buy. If time is running out and you feel your bidsheet may arrive too late to be included, you may call our office between the hours of 9:00 a.m. and 5:00 p.m. Monday through Friday, giving us the lot numbers and amount you will pay for each lot, over the telephone. Please make sure you immediately send in your bidsheet for confirmation. Also, you may FAX your bidsheet to us. As your personal agents we wish you every success.

VIEWING OF LOTS

Lots will be available for viewing by prospective bidders at our office each day, Monday through Friday, by **APPOINTMENT ONLY**, between the hours of 9:00 a.m. and 5:00 p.m., March 20-28, 2000 only. Additionally, all material will be available for viewing at the Ramada Plaza O'Hare Hotel.

Originally this listing started out as research on the two coins appearing in this auction and eventually expanded into a listing of all the published Royal Eight Escudos I could find. It's very likely that I have not listed a few pieces which have been published due to the publications not being available to me, or my not being aware of such publications. There are probably also a few specimens in private collections which remain unpublished as appears to be the case with the two coins present in this auction (until now). If you know of other specimens which are published or unpublished and not present in the above listings and wish to share information, please send me photographs so that I may add them to my research.

The goal of my research is to learn exactly how many Royal Eight Escudos have survived over the years and how available they are to the collector today. The number of surviving specimens, however does not necessarily represent the number of coins available to the collector. This is very apparent when, for example, you look at the listings for the 1702 Royals; I have found eight different 1702 Royal Eight Escudos listed. Three of them, however are in the State of Florida collection and one of the remaining five is reported to have been acquired by a different museum. This indicates that only four of the above listed 1702 Royals are available to the numismatic collector today.

What is such item worth? I listed a few of the auction records where I could find the prices realized so one might be able to make some kind of a comparison. A specimen dated 1717 was auctioned by Spink America in December of 1995 (The Pablo Gerber Collection). Its condition was very fine with damage from being in jewelry it realized $68,000.00 plus the buyer's fee. Another specimen dated 1713 was auctioned in January of 1991 by Swiss Bank Corporation; the condition of this piece was FDC or Fleur de Coin (meaning uncirculated); this piece realized 108,000 Swiss Francs plus the buyer's fee.

I found my search for information on this subject to be quite frustrating. The lack of published information made it hard to properly research and much of what I found published was either speculation or incorrect. In this respect I have tried to include in this article only what I know as fact.

The first known date for a Royal Eight Escudos that I was able to locate is 1695 and the last date being 1729. This is a span of thirty-five years, and they were conceivably struck before and after this time frame. The Mexico City mint was striking Royals for more than three decades, yet for all dates I was only able to track down thirty-two examples of only twelve different dates. It is unlikely that anyone will ever to put together a complete set of these by the dates that are known to exist. Many of the dates are unique, or only a couple of examples known. These coins are offered so seldom that it is truly a prestigious thing for a collector to say that he or she even has one in their collection.

It is interesting to note that for the 1702 there is only one obverse die but two reverse dies. One might automatically assume that they were all made with the same dies but this is not the case. For examples of this see "Florida Archaeology" by Alan Craig plate six; there are three examples of this coin plated, all with the same obverse die, two have the same reverse die and the third has been made with a different reverse die. This is what I find interesting: there are three dies for 1702 Royal Eight Escudos yet no circulation strikes of this date are known to me.

There are a few distinct characteristics that separate the gold cob coin dies from silver cob coin dies in this period. First of all the denomination on gold cobs of Mexico of this time were denominated in Roman numerals and the silver cobs were denominated in Arabic numbers. Secondly the reverses of the gold and silver cobs are different; the gold cobs have fleur de lis in-between the arms of the cross, while the silver cobs have lions and castles. Another difference on the reverses is that on silver cobs from Mexico the crosses always are ornamented at the end, or to put it simply they have balls at the end of the crosses. This is usually not the case for the gold cobs but there is an exception. Except for the gold cobs between 1711 and 1713 all of the crosses on gold cobs end in crossing bars. Also, the quatrefoil or arc around the cross on the reverse is usually of different style on gold and silver.

Royal coin dies differ from the dies used to strike regular gold cobs. Much more time, effort and detail were put into their manufacture than was put into dies for currency issues. Royal coin dies also have some very subtle yet very distinct design differences. For examples of this, please see the photographs at the end of this article.

This concludes my article for this sale, however I plan to continue the research I have started on this subject. If you have further information or corrections on some of the above listed information (i.e., some of the above entries may be duplicated due to poor quality of photographs in some of the publications cited) please feel free to contact me. I would greatly appreciate your opinions, knowledge, or constructive criticism on this subject. I hope you find this article as fun and informative as it was for me to write.

BOLIVIAN 8 REALES COBS

A Superb Research collection f Bolivian 8 Reales Cobs

The production of cob coinage at the Potosi mint encompassed a period of nearly two hundred years, from 1575-1773 . The early shield style dies were dated beginning in 1617, however the placement of the date on the periphery and the crude striking techniques resulted in many dates being incomplete or entirely absent. In 1652 the mint introduced numerous transitional varieties. The new pillar and waves design dated in 3 locations was very successful and would remain in production until the striking of cobs ceased in 1773. Royal Presentation cobs struck on round planchets are recorded from 1630; they are very rare and are in great demand. It would be nearly impossible for one collection to contain all the varieties of Potosi 8 Real cobs. The following collection was assembled for numismatic study and presents a nice sampling of cob coinage from the long-lived production at Potosi. Many of the rarest and mostly highly sought varieties are represented and nearly all are of choice or exceptional quality. Furthermore, many of the examples boast provenance to the most highly acclaimed collections of the past 40 years. These pieces were acquired from the collections of Ernesto Sellschopp, Paul Karon, Carlos Janson, Howard Herz and others. Several coins are photographed in the reference works of Calbeto, Sellschopp & Paoletti. Although highly specialized collections of cobs may appear from time to time, a decade could easily pass without a collection of such significance being offered publicly. Future collections of this important numismatic period will be exceedingly difficult to compile at this outstanding level of high quality and fine pedigrees.

1186. 8 Reales, (1)778-(V). Presumably a standard issue cob produced in the Potosi mint with a date that implies production in 1778. It would have been illegal and impractical to produce cobs in the new mint after its opening in early 1773. However, based on Glenn Murray's well researched and enlightening paper at the 1988 ANS C.O.A.C., it would not be surprising if the mintmaster had some scheme whereby slightly debased cob style coins could still be profitably produced. Perhaps some uninformed technician punched in the correct year digits before he was told to "backdate" the cob production run. This piece does weigh a full 27.015gms but its specific gravity of 10.22 indicates 83% fine silver. This is much different than the "North Argentina" "778" cob 8 Reales that is 0.400 fine and of poor style. The wave under the date comes upward into the "7" (as is standard on 1770-73 pieces) and the other details are precise in style for the Potosi mint in that era. **VERY RARE.** EX: "Karon" collection, lot #292. Crude strike, **FINE.** .....[700.-1000.]
